

# STEM IS EVERYWHERE

Massive Online Open Course (MOOC)

This MOOC is meant to connect Science, Technology, Engineering and Mathematics (STEM) classes with “real life” and help teachers integrate real-world problems into their STEM lessons and practices.

Starting on Monday 29 October 2018.

## HELP US SPREAD THE NEWS!

### WHY?

Because we need to **connect STEM education to the real world**. This course is useful for teachers who wish to make a connection to the real world and prepare their students for the demands of 21<sup>st</sup> century jobs.

### WHEN?

The course will run from the **29th of October to the 5th of December 2018**. All those who complete the entire course, receive a certificate acknowledging their work.

### WHAT?

This is the first MOOC that is **fully designed and carried out by Scientix!** Register now and learn about how to integrate real-world problems in STEM lessons!
